Moot Court

Mooting and Advocacy is an essential part of all the law students and solicitors. Mooting is essentially a mock trial where two sides argue a point of law in front of an acting judge, who based on the presentation by each sides decides who wins. Mooting is supposed to help them grasp law in its multiple dimensions and depts. SOL, has a vibrant and active mooting culture.

We have moot court Hall designed like a courtroom for the purpose of conducting Moot court competitions and thereafter for the internal selection for participating in competitions organized by other Institutions and Universities.

The Moot Court Committee of SOL is a student lead initiative, supported by the Faculty which works hand in hand with the Principal, SOL and management for planning, training and executing its activities. SOL, CT University hosts National and International Moot Court Competitions. It is a specialised application of the art of persuasive Advocacy.
