## CT University grooms SAP certified students

Now days, in almost all types of industry not only in India but also globally across continents, SAP - ERP solutions are being used right from operations to Production Planning, Material Management, Financial Supply Chain Management, Sales and Distribution, Financial Accounting and Controlling, Plant Maintenance, Quality management and even in Strategic Planning also. SAP is the market leader in enterprise application software.

SAP is at the centre of today's technology revolution. Over 6,000+ companies have successfully deployed SAP-ERP in India. 2500+ of them are Small and Medium business. **Even in Ludhiana itself, all leading industry like Hero Cycles, Hero Cold Rolling Division, Upper India Steel Industries, Rockman Cycles, Trident, Sumeet Exports, Avon Cycles, Ralson Cycles, and Oswal industries are using SAP.** But sufficient skilled personnel are not available in the market to cater the need of industry. So, SAP certified professionals are in huge demand in the industry.

SAP certification enables students to develop a diversified skill set which enhances their employability and gives them an edge over students aren't exposed to such top notch and niche technologies. **All major companies in the market like Infosys, Wipro, HCL, Tech Mahindra, Bosch IBM, Microsoft, Jindal Steel Power, IBM India, Accenture and many more welcome SAP certified professionals with very high packages. Minimum package offered to a SAP certified professional in the market is 4.2 Lakhs to 6.5 lakhs and there is no upper limit.**
