

Indo American Green University Network

GREEN PLEDGE

On behalf of CT UNIVERSITY University / Institute / College,
I DR. HARSH SADAWARTI Vice Chancellor / Registrar / Provost
Director / Principal of CT UNIVERSITY is taking a pledge to minimize
the impact of University / Institute / College operations including teaching-learning practices on the local
environment.

My University / Institute / College will meet its need for natural resources – such as energy, water, and
materials – without compromising the ability of people as well as future generations to meet their own needs.

My University / Institute / College will incorporate environmental principles on its campus operation policies
by gradually switching towards Greening campus for clean air, water harvesting, green energy, green transport,
safe waste management, hygiene and infection control, recycling of resources, and locally sourced food.

My University / Institute / College will strive ahead to emerge as a Green engine for the new paradigm of the
"Green Economy "and Contributes to the overall Sustainability of the Planet.
